Do you need to purchase any of these products today? Heartworm? yes/no Flea? yes/no

What kind (brand and type) of dog food do you feed your dog? _____

Do you have any other concerns about your pet? _____

Thank you for your help in answering these important questions. It is so very important to ask these questions each year during your dog's yearly or semi-annual physical examination so that we can address the changes in your dog's life that might indicate early forms of disease. Oftentimes, these diseases can be easily treated or the symptoms controlled once we diagnose the underlying problem. With your assistance, it is our goal at Fountain Square Animal Clinic to help your pets have long, healthy and comfortable lives!
